LOCAL LAW NO. 4 FOR THE YEAR 2016

A local law entitled Local Law No 4 for the year 2016, amending the parking rules along West Academy Street. This Local Law will prohibit parking on the North side of West Academy Street between Clapp Avenue and Fulton Street in the Village of Wappingers Falls.

BE IT ENACTED by the Board of Trustees of the Village of Wappingers Falls, as follows:

SECTION 1: LEGISLATIVE INTENT

The Village Board of Trustees for the Village of Wappingers Falls has deemed it necessary to amend and modify certain sections of the Code of the Village of Wappingers Falls specifically section 143-50 Schedule XII thereof.

SECTION 2: TEXT

Section 143-50 of the Code of the Village of Wappingers Falls is amended so as to add the following: No parking:

NAME OF STREET	SIDE	LOCATION
West Academy	North	Entire Length between Clapp Avenue and Fulton Street

SECTION 3: SEVERABILITY

If any provision of this chapter or the application thereof to any person or circumstances is adjudged invalid by a court of competent jurisdiction, such judgment shall not effect or impair the validity of the other provisions of the chapter or the application thereof to other person's circumstances.

SECTION 4: EFFECTIVE DATE

This local Law shall become effective upon filing in the office of the Secretary of State.

Mayor Matt Alexander
Village of Wappingers Falls
2582 South Avenue
Wappingers Falls, NY 12590

Dear Matt,

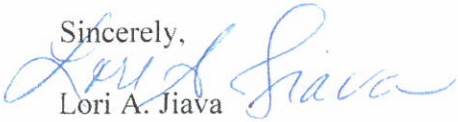

I wanted to take this opportunity to thank you for your support in combating the Heroin Crisis. I understood that you had a conflict the evening of our forum, but I sincerely appreciate you sending John Karge to represent the Village of Wappingers. Your team's continued support of our initiative to educate and raise awareness regarding the heroin epidemic is invaluable.

John's presence at the forum last week spoke volumes to the community. It showed that their personal crisis is not just their own. The forum gave all attendees a chance to understand the severity of the addiction and to see that no addict has the same story. I truly believe that with all stakeholders working collaboratively, we can make a difference in an effort to support the weaknesses in our communities.

I cannot thank you and John enough for being an intricate part of this ongoing effort. Although we have much more work to do, I believe that just having the discussion and raising awareness is a great start.

Looking forward to your offices continued support.

Sincerely,

Lori A. Jiava
Supervisor, Town of Wappinger

State Environmental Quality Review (SEQR)

Negative Declaration

Notice of Determination of Non-Significance

Date of Adoption: November 9, 2016

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The Village of Wappingers Falls Village Board completed a Long Form EAF Part 1 and SEQR Narrative, declared the Village Board intent to be Lead Agency for SEQR review, and circulated SEQR Lead Agency coordination request to involved agencies. Each involved agency responded with consent to the Village of Wappingers Falls Village Board of Trustees serving as Lead Agency for this action. The Village Board then completed a Long Form EAF Part 2 and Part 3.

The Village of Wappingers Falls Village Board, as Lead Agency, has determined that the proposed action described below will not have a significant effect on the environment and a Draft Environmental Impact Statement will not be prepared.

Name of Action: Village of Wappingers Falls CWSRF and DWSRF Improvements
In Support of f Awarded NYS Water Infrastructure Improvement Act Grants

SEQR Status: Type I ☒
Unlisted ☐

Conditioned Negative Declaration: ☐ YES
☒ NO

Description of Action:

The Village is in the midst of Capital Improvement Project which is the subject of CWSRF C3-5325-01-00 and DWSRF 17419. The Village has been pursuing the CWSRF and DWSRF work together within a multi-year phased Project that is partially complete and still underway. In 2016, the Village applied for NYS Water Infrastructure Grants for CW and DW Improvements. The Village has received notice of \$5Mil grant award for CW and \$3Mil grant award for DW. NYSEFC has requested a new SEQR for the expanded project.

For this SEQR review, the scope that has not been constructed yet is evaluated. It includes Contracts 3 and 4 for Village replacement of existing sanitary sewer collection system along with associated manholes and sewer laterals, replacement of existing water distribution system along with associated hydrants, valves and water service connections, along with roadway, sidewalk and curbing repair and replacement in the existing streets in the Village where sewer main and water main work, plus where viable and needed, the project includes storm sewer improvements in the existing Village

streets to provide suitable locations for roof leader and sump pump disconnections from the sanitary sewer system and residual to the other improvements. A new water storage tank is also proposed as Contract 5.

The Village of Wappingers Falls proposes construction of a new water storage tank to augment storage already provided within the Village Water System, and improve water service in the Route 9 corridor of the existing Village Water System. The new tank will improve pressures and storage volume, and also provide improved operation flexibility for the Water System. The tank is proposed on an existing recorded Water Tank Easement, on a parcel at the Riverbend II Apartment complex, east of Route 9 with access from Marshall Road. The tank will be designed, manufactured and erected in conformance with Section 7.0 of "Recommended Standards for Water Works". Tank volume will be in the range of 500,000 to 1,000,000 gallons with a projected height of approximately 115 feet. For comparison, the existing Wenliss Water Tank, located west of Route 9, has a height of approximately 105 feet.

Location: Village-wide project in the Village of Wappingers Falls, Dutchess County, NY

Reasons Supporting This Determination:

1. The Village of Wappingers Falls Village Board has given due consideration to the subject action as defined in 6 NYCRR 617.2(b) and 617.3(g).
2. After reviewing the Long Form Environmental Assessment Form (EAF) Part 1 and SEQNR Narrative for the project dated October 26, 2016, and the Long Form EAF Part 2 and Part 3 dated November 9, 2016, the Village Board has concluded that environmental effects of the proposed project will not exceed any of the Criteria for Determining Significance found in 6 NYCRR 617.7(c).
3. The Village Board has concluded that there are no significant adverse environmental impacts associated with the proposed action.
